

Autumn 2020 Second Half
Class 2

RE

We will learn about Remembrance Day.

Light in the darkness.

We will learn about the significance of light, both in Christianity and other faiths by exploring Diwali, Advent and Hanukkah. We will learn about the first Christmas and how Christians celebrate the birth of Christ.

Geography

KS1 Map Makers

The children will learn all about maps and the geography of the surrounding area. They will find out why we use maps and how to read them, as well as having the opportunity to draw their own maps and plan perspectives.

KS2 Volcanoes

Children will learn where in the world volcanoes are found before looking at how and why volcanoes erupt. They will explore the positive and negative impact of eruptions on the environment by looking at two volcanic areas in detail, and investigating the flora and fauna that inhabit these areas.

At the end of the topic, we will return to our work on Italy to find out more about Pompeii and Mount Vesuvius.

M.F.L.

Children will have an Italian lesson every fortnight with Mrs Hilton.

Computing

Children will continue to learn about coding, applying their skills to different programs.

Art

Poppies

The children will learn about the significance of the poppy as a symbol of remembrance.

Volcano: Turner to Warhol

Children will look at the work of a range of artists to explore how volcanoes have been depicted. They will use this as an inspiration for their own representations of a volcanic eruption.

Christmas Art and DT

The children will enjoy designing and making cards, decorations and calendars to bring home at the end of term.

Science

Children will continue to learn about **Rocks and Soils** in their weekly Science lesson with Ms Nichols.

Music

Children will have a lesson with Mr Brown once a fortnight. We will also be learning new songs for our Christmas play, *It's A Miracle!*
